

CHILIPINK CR 4689 Black Lace Bodysuit with Rings and Open Back

SKU : CR-4689-BODY-7FJB · Brand : CHILIPINK

The CR 4689 bodysuit by CHILIPINK embodies sensual elegance through its floral black lace delicately paired with sheer mesh panels. The thin, adjustable straps extend into a network of straps across the bust, accentuated by small metal rings that structure the neckline and add a bold touch to the ensemble. The lace cups offer lovely support while letting the skin show through, creating an effect that is both covering and suggestive. The vertical lace strip running down the torso to the crotch creates a captivating visual interplay between sheerness and floral pattern. At the back, a large oval cutout bares the skin and highlights the silhouette, while the thong-cut rear enhances the curve of the buttocks. This style, available in a timeless black shade, is designed for fine lingerie retailers and erotic boutiques looking to offer their customers a glamorous piece, wearable for an intimate evening or as a base for a more elaborate outfit. Its one-piece cut makes fitting and stocking easier, while its careful finishes (metal fasteners, quality lace) make it a high-perceived-value item at a controlled wholesale price.

Usage tips

This bodysuit is ideal worn alone for an intimate occasion or as a base layer under a sheer dress, kimono, or open evening outfit. Advise customers to choose a size that fits snugly at the bust for optimal support from the lace cups.

Care instructions

Hand wash recommended, in cold or lukewarm water with a mild soap to preserve the lace and metal fastenings. Do not wring or twist the fabric; lay flat to air dry, away from direct heat sources. Avoid machine washing and tumble drying, as these can damage the lace and metal rings.

Safety information

This item is intended for adult wear only. Check the strength of the metal fastenings before each use. Do not expose to excessive heat or abrasive products that could damage the lace or fasteners.
