

Fun Factory Viola Bullet Vibrator - Black Silicone Mini Vibe

SKU : FUN-FACTORY-VIOLA-BULLET-NHGY · Brand : JOYSTOYS PARIS

The Fun Factory Viola is a compact bullet vibrator from Fun Factory, a German brand trusted worldwide for the quality and longevity of its products. Its ergonomic, gently curved shape features a thumb indent that allows for a natural grip and precise control, whether used solo or with a partner.

Coated in soft, silky-smooth silicone, the Viola feels wonderful against the skin while remaining completely phthalate-free, making it safe for extended intimate use. A single control button, marked with the iconic red FUN logo, lets users easily cycle through 12 vibration modes, ranging from gentle, gradual pulses to more intense sensations.

Rated IPX7 waterproof, this bullet vibrator can be used safely in the shower or bath, which also makes it easy to clean and gives your customers more flexibility in how they use it. Powered by a single AAA battery (not included), it's always ready to go with no charging required.

Fun Factory backs this product with an industry-leading 25-year manufacturer's warranty, a compelling selling point for retailers looking to stock premium, reliable toys their customers can trust. The Viola is a perfect addition to any bullet vibrator lineup, sitting comfortably alongside other compact, discreet pleasure products.

Box contents

- 1x Fun Factory Viola Vibrator

Usage tips

The Viola is designed primarily for external clitoral stimulation, though it can also be used on other erogenous zones.

For maximum comfort, we recommend using a water-based lubricant and starting with the gentler vibration settings before working up to higher intensities based on personal preference.

Care instructions

Clean the vibrator before and after each use with warm water and mild soap, or a dedicated toy cleaner. Dry thoroughly before storing in a clean, dry place away from direct sunlight. Remove the battery if the product won't be used for an extended period.

Safety information

This product requires one AAA battery (not included), which must be inserted before first use. The unit is waterproof (IPX7 rated) but should not be submerged beyond the manufacturer's specified limits. Keep out of reach of children. Avoid exposure to extreme temperatures.
