

Glossy Black Strap-On Harness for Suction Cup Dildos

SKU : HARNAIS-CEINTURE-GLOSSY-NOIR-POUR-GODE-V-M90W · Brand : JOYSTOYS PARIS

The Glossy Black Strap-On Harness for Suction Cup Dildos brings together sleek BDSM aesthetics and practical functionality for penetrative play, whether solo or with a partner. Crafted from deep, high-shine black vinyl, this piece stands out as a must-have addition to any fetish lingerie and harness accessory collection.

The design features a wide, adjustable waist belt secured with a buckle closure, extending into a front triangle panel adorned with round rose gold rivets that frame a removable double metal O-ring. This ring is built to hold any dildo with a compatible suction cup base, allowing for quick and secure attachment. At the back, two adjustable elastic straps run up over the hips and meet beneath the buttocks, providing stable support during movement without restricting flexibility.

The striking combination of glossy black and rose gold gives this harness a bold, sophisticated edge that pairs beautifully with vinyl outfits, fishnet, or gothic lingerie sets, as shown in the product photos. The metal hardware, visible stitching, and glossy vinyl finish reflect careful craftsmanship built to withstand regular use, a key selling point for retailers looking for a dependable product to stock in-store or online.

Versatile by design, this harness suits beginners curious about suction cup dildo play as well as experienced BDSM enthusiasts and role-play fans. The interchangeable ring system makes it a long-lasting accessory, adaptable to different suction cup dildos as customers' preferences evolve over time.

Compatibility	Standard-diameter suction cup dildos compatible with the center O-ring
Product type	Strap-on harness, thong-style design

Box contents

- 1 Glossy Black Strap-On Harness with removable rose gold O-ring

Usage tips

Start by adjusting the main waist belt using the buckle closure, then fine-tune the elastic back straps for a firm hold that doesn't restrict movement. Insert the suction cup dildo through the rose gold center ring, making sure the suction cup adheres securely to the base before use. Advise customers to try the fit on bare skin first to ensure maximum comfort.

Care instructions

Clean the vinyl after each use with a soft, slightly damp cloth and mild soap, then air dry away from direct heat. Avoid alcohol-based or solvent cleaners, as they can dull or crack the vinyl. Store flat or hanging, away from direct sunlight and moisture, to preserve the shine and flexibility of the material.

Safety information

Always check that the dildo's suction cup is securely attached to the center ring before use to prevent it from coming loose during play. The dildo is not included and must be selected separately based on suction cup base compatibility with the included ring.
