

Licking Rose - Vibrating Tongue Stimulator with Suction

SKU : GM39 · Brand : JOYSTOYS PARIS

The Licking Rose is a next-generation clitoral stimulator designed to recreate the sensation of oral pleasure through its soft silicone mouth-and-tongue head. This device merges two of the most sought-after technologies in the premium adult toy market: a vibrating tongue that mimics realistic licking motions, and a pulsing suction function that creates an enveloping air-pulse sensation around the clitoris. This dual-action mechanism delivers full, progressive stimulation, ideal for users seeking intense orgasms without excessive direct contact. The body of the device, shaped like a smooth pearlescent white pebble with a metallic gold finish, is ergonomic and sits comfortably in the hand. A single control button lets users cycle through multiple vibration patterns and suction intensities, adapting to a wide range of preferences. Crafted from medical-grade, hypoallergenic silicone that feels soft to the touch, this product is fully waterproof, allowing use in the shower or bath for an enhanced sensory experience. Its whisper-quiet motor ensures discreet use, a feature especially valued by retailers catering to customers who prioritize privacy. This product is particularly well-suited for intimate wellness boutiques and lingerie retailers looking to diversify their catalog with technologically advanced, visually striking items. Its polished packaging and modern design also make it an excellent eye-catching item for window displays or checkout-counter presentations.

Usage tips

Apply a small amount of water-based lubricant to the silicone head before use for optimal comfort. Start at the lowest intensity setting and gradually increase according to preference. Position the mouth-shaped head directly over the clitoral area to experience the combined effect of the vibrating tongue and suction.

Care instructions

Clean the device before and after each use with warm water and mild soap, or a specialized toy cleaner. Dry thoroughly before storing in a dry place away from direct light and heat. Avoid contact with solvents or alcohol, which can damage the silicone.

Safety information

For adult intimate use only. Do not use if you have a known silicone allergy. Do not submerge the charging cable in water. Clean thoroughly before each use for hygiene purposes. Keep out of reach of children.
