

Elegant Black Pressure Wave Clitoral Stimulator

SKU : GM22 · Brand : JOYSTOYS PARIS

This next-generation clitoral stimulator harnesses pressure wave technology to deliver contactless stimulation, gently enveloping the clitoral area with pulsating air flow. Unlike traditional vibrators, this device recreates a sensation similar to oral stimulation thanks to its soft silicone nozzle that positions precisely over the area to be stimulated. Users have access to 5 distinct intensity levels via a touch-sensitive control panel on the front, allowing the experience to be adjusted from a gentle, gradual stimulation to a more intense sensation. The body of the device is made entirely from medical-grade silicone, soft to the touch, hypoallergenic and BPA-free, ensuring a safe and pleasant contact with the skin. Its curved, ergonomic shape has been designed for a natural grip and effortless, precise positioning. The device is USB rechargeable, compatible with computers, power banks, wall adapters or car chargers, providing flexible battery life and worry-free portable use without disposable batteries. The housing is waterproof, making cleanup easy and allowing use in the shower or bath. Quiet during operation, this product is perfectly suited for discreet use. For shops and professional retailers, this stimulator is a high-turnover item thanks to its sleek design, premium finish with gold accents, and technology that appeals to consumers seeking an innovative alternative to traditional vibrators.

Highlights

- Pressure wave technology for contactless stimulation
- 5 adjustable intensity levels via touch controls
- Medical-grade silicone, soft and hypoallergenic
- USB rechargeable for on-the-go use
- Waterproof for shower or bath use
- Quiet operation for discreet use
- Ergonomic design with premium gold-accented finish

Technical specifications

Material	Medical-grade BPA-free silicone
Charging method	USB (cable included)
Number of intensity levels	5 settings
Waterproof rating	Water-resistant (safe for shower and bath use)
Color	Matte black with gold finish
Noise level	Quiet operation
Stimulation type	Contactless pressure wave

Box contents

- 1 pressure wave clitoral stimulator
- 1 USB charging cable
- 1 multilingual instruction manual

Usage tips

Apply a water-based lubricant to the clitoral area before use for optimal comfort. Position the silicone nozzle a few millimeters away from or lightly touching the area to be stimulated, then turn on the device and select the desired intensity using the plus and minus buttons. It is recommended to start with the lowest intensity setting and gradually increase according to preference.

Care instructions

Clean the device before and after each use with a specialized sex toy cleaner or warm soapy water, being careful not to submerge the charging port. Dry thoroughly with a soft cloth before storing the product in a dry place, away from direct light and dust. Avoid contact with solvents or alcohol, which could damage the silicone.

Safety information

For external use only. Check for silicone allergies before use. Do not submerge the charging port in water. Keep out of reach of children. Use only water-based lubricants compatible with silicone.
