

White Lace Long Sleeve Bodysuit CHILIPINK

SKU : R82142-2 · Brand : CHILIPINK

The CHILIPINK white lace long sleeve bodysuit reinvents romantic lingerie with delicate floral lace that plays skillfully with sheer transparency. The deep V neckline highlights the bust while staying elegant, while the matching long lace sleeves add a touch that is both covering and sensual, perfect for bridal nightwear, boudoir photoshoots, or wedding and Valentine's Day collections.

The cut is identical to our already-listed black model, which makes in-store merchandising easier and allows retailers to offer this bodysuit in multiple colorways without changing the sizing template. The back, cut in a thong style, elongates the silhouette and completes the glamorous effect of the front neckline.

This white lace piece is designed for retailers looking for a bright, light alternative to classic black bodysuits, helping them expand their fine lingerie offering for customers seeking bridal, romantic, or pristine white pieces for special occasions.

Highlights

- Semi-sheer white floral lace
- Matching long lace sleeves
- Deep, generous V neckline
- Thong-cut open back
- Same pattern as the black model, perfect for expanding color options on the shelf
- White colorway ideal for bridal, wedding night, and Valentine's Day collections

Usage tips

Can be worn alone as nightwear or as the centerpiece of a lingerie set, paired with stockings or a garter belt for a complete look. Well suited to bridal, boudoir, and romantic occasion collections thanks to its bright white colorway.

Care instructions

Hand wash in cold water recommended to preserve the lace. Avoid tumble drying and direct ironing on the lace. Lay flat to dry, away from direct sunlight.
